Estimated Cost: \$

The N. H. Department of Environmental Services and Brentwood Health Officer must be notified at least ten working days before any demolition activity occurs, whether or not asbestos of any amount is present. For renovation projects, the N. H. Department of Environmental Services and Brentwood Health Officer must be notified at least ten days prior to any asbestos abatement project involving greater than ten linear feet or 25 square feet of asbestos-containing building material. (RSA 141-E)

Was this structure built prior to 1978? ☐ YES ☐ NO If yes, EPA Certified Renovator: _____
Phone: _____

- ☐ No lead based paint will be disturbed
☐ Project is less than 6 sq. ft. per room (interior) or 20 sq. ft. (exterior)
☐ Abatement Required

(continue on reverse side)

If your project involves new construction, sketch the proposal below, including dimensions, and indicate the distance from the structure to property lines, existing structures, etc.

Electrical / Plumbing / Mechanical permits are issued separately. Your licensed contractor must appear in person at the Town Hall to apply for these permits.

Owner's Signature: _____

Upon approval, permits may be picked up at the Selectmen's Office. If for any reason your application is denied, you have the right to appeal the decision to the Zoning board of Adjustment. Applications for Appeal are available at the Planning Board's Office in the Town Hall.

When the project is ready to be inspected, please call Gilbert Tuck at 642-3010 to schedule.

Permit Approved: _____
